INCIDENT NOTIFICATION GUIDELINES

It is important that all incidents that may give rise to a claim are reported to us as soon as possible after the event. This will enable Insurers to carry out investigations at an early stage whilst information relating to the claim remains fresh in the mind. This will also ensure that you are complying fully with your policy terms and conditions.

In order to achieve this, we ask that you notify us immediately of any incident that involves:

- A fatal accident
- An injury involving either referral to or actual hospital treatment
- Any allegations of libel/slander
- Any allegations of Professional Negligence i.e. arising out of tuition, coaching or advice given
- Any investigation under any child protection legislation
- Any circumstance involving damage to third party property

An injury is defined as:

- Any head injury that requires medical treatment [Doctor or Hospital]
- Any fracture other than to fingers, thumbs or toes
- Any amputation, dislocation of the shoulder, hip, knee or spine

Please note the above list is not exhaustive and if you are unsure as to whether an incident should be reported, then please do not hesitate to contact Howden Claims Department for further advice.

We would remind you that in NO circumstances should you admit liability or agree to pay for any damage caused as this may prejudice the position of Insurers and COULD result in the withdrawal of any indemnity.

Finally, please note that this is a Liability policy where Insurers decide if negligence attaches to you. Therefore any payments you make to any third parties will not necessarily be reimbursed.

INCIDENT RECORDING GUIDELINES

We would recommend that a designated person within your organisation is made responsible to record any reportable accident/incident. Records must be kept for at least 6 years, and longer where it involves a person under the age of 18 years. Names and addresses of any possible witnesses should also be recorded.

Current legislation does not specify the format of an accident register but the Accident Book BI 510 obtainable from HMSO is frequently used and is approved by the Information Commissioner for D&A Compliance.

The register must contain the following information relating to all reportable accidents or dangerous occurrences:
